*The designation "Primary" has been applied in Irish Census Publications, since 1841 to schools where the instruction is exclusively English, while those schools in which a foreign language is taught have been classed as "Superior" upon the assumed likelihood that the presence of a foreign language in the school course argues a higher standard of instruction than is to be found where such an element is wanting.

NOTE.

It has been considered desirable (as in 1891) that those of the public who might not require, or be disposed to purchase, the Census Abstracts and Reports in their completeness should have access at a small cost to the statistics of the Territorial Division in which they may have a more immediate interest; and as, in Ireland, the County appears to be the most convenient and familiar area for which the principal particulars should be afforded in abstract, the Census Commissioners, with the approval of His Excellency the Lord Lieutenant, present the following Tables for the King's County; and purpose giving similar Tables from time to time, for each County, at such intervals as the progress of the work will permit, beginning with the Province of Leinster, to be followed by those of Munster, Ulster, and Connaught.

CENSUS OF IRELAND, 1901.

KING'S COUNTY.

In addition to the information contained in the County Tables, it has been deemed advisable to adopt the course pursued in 1881 and 1891, and give the following Summary of the results obtained respecting the (Administrative) King's County from the Census Returns of 1901.

SUMMARY.

Area. The King's (Administrative) County covers an area of 493,999 statute acres, or 2·4 per cent. of the total area of the country.

Population. (Table II.) The number of persons in King's County according to the Census was—in 1881, 72,852 in 1891, 65,563, and according to the recent Census, 60,187 (31,065 Males and 29,122 Females), or 8·20 per cent. less than in 1891.

Families and Houses. (Table VIII.) The number of distinct Families in the County at the time of the late enumeration was 12,377, the average number of persons in a family being thus 4·7; and the number of Inhabited Houses was 12,092, showing an average of 4·8 persons to each house. In calculating these averages, the Special Inmates of Public Institutions have been omitted.

Occupiers of less than 5 rooms. (Tables IX., X.) The number of Occupiers (or Heads of Families) in occupation of less than five rooms in 1901, was 9,866 or 79·7 per cent. of the total number of families in the County, and of these 4 were occupiers of part of a room only, 706 or 5·7 per cent. of the total number of Families in the County were occupiers of one room; 3,111 or 25·1 per cent. occupiers of two rooms; 4,442 or 35·9 per cent. occupiers of three rooms; and 1,603 or 13·0 per cent occupiers of four rooms

The number of Tenements of One Room in the County was 708, comprising 267 cases in which the room had only one occupant; 296 where the room had 2, 3, or 4 occupants; 121 cases in which there were 5, 6 or 7 occupants; and 24 cases where the occupants exceeded 7 in number, including 6 cases of 9 persons and 4 of 10 persons in the room.

Co. Districts. (Table VI.) The following Statement shows, by County Districts (as constituted under the Local Government (Ireland) Act, 1898), the number of persons in 1891 and 1901; and the increase or decrease during the decade:—

County Districts.	Population		Increase or Decrease between 1891 and 1901.		
			Number		Rate per cent.
	1891.	1901.	Increase.	Decrease.	
Birr Urban	4,513	4,468	125	—	2·9
Tullamore Urban	4,522	4,639	117	—	2·6
Birr No. 1 Rural	21,441	16,843	—	2,598	12·1
Edenderry No. 1 Rural	8,087	7,322	—	765	9·5
Mountmellick No. 2 Rural	3,060	2,797	—	263	8·6
Roscrea No. 2 Rural	6,435	5,810	—	625	9·7
Tullamore No. 1 Rural	17,705	16,338	—	1,367	7·7
Total	65,563	60,187	—	5,376	8·2

From the foregoing Statement it will be observed that there was an increase of 2·9 per cent. in Birr Urban and of 2·6 per cent. in Tullamore Urban District, and a decrease in each of the Rural Districts; the highest per-centages of decrease being in Birr No. 1 Rural and Roscrea No. 2 Rural, viz., 12·1 and 9·7 per cent. respectively.

Birthplaces of the Inhabitants. (Table XXV.) Of the persons enumerated in the County in 1901, 82·66 per cent. were born therein; 8·18 per cent. in other Counties of the Province of Leinster; 4·49 per cent. in Munster; ·93 per cent in Ulster; 1·75 per cent. in Connaught; 1·49 per cent. in Great Britain; ·50 per cent. were born abroad; and 1 person was born at sea.

Civic Areas. (Table V.) Towns having, in 1901, a population of 2,000 and upwards are classified in the Tables as Civic Areas.

The County contains two such Areas—Birr and Tullamore. In 1891 the population of the foregoing amounted to 8,835, in 1901 it was 9,077, showing an increase of 242 persons; in the Rural portions of the County the decrease was 9·9 per cent.

The following Statement shows, according to Religious Professions, the Inhabitants of the King's County in 1901:—

Religious Professions. (Table XXIX.)

Religious Professions.	1901	
	Number of Persons.	Per-centage of Total Population.
Roman Catholics	53,806	89·4
Protestant Episcopalians	5,513	9·2
Presbyterians	353	0·6
Methodists	392	0·6
All other Denominations (and Religion unascertained)	122	0·2
Information Refused	1	·
Total	60,187	100·0

From the above Table it will be seen that of the total population of the County in 1901, 89·4 per cent. were Roman Catholics; 9·2 per cent. Protestant Episcopalians; 0·6 per cent. Presbyterians; 0·6 per cent. Methodists; and 0·2 per cent. members of other Religious Denominations. In 1891 Roman Catholics formed 88·9 per cent; Protestant Episcopalians, 9·8 per cent.; Presbyterians, 0·4 per cent.; Methodists, 0·7 per cent.; and Members of all other Denominations, 0·2 per cent. of the population of the County.

Education (Tables xxx and xxxiii.)

The following Statement shows the Educational status of the Inhabitants of King's County in 1891 and 1901, in so far as relates to the degrees of elementary education relative to which inquiry was made on the Census Forms, the numbers on which the per-centages are based being those for the County as constituted in the respective years :—

Degrees of Elementary Education	Rate per cent of Total Population.	
	1891.	1901
Read and Write,	64·7	73·1
Read only,	11·0	6·4
Illiterate,	24·3	20·5
Total	100·0	100·0

From the above it will be seen that whereas, according to the Returns of 1891, only 64·7 per cent. of the Inhabitants, at all ages, could "read and write," in 1901 73·1 per cent. could do so; that the per-centage of the population who could "read only" in 1891 was 11·0, and in 1901 6·4; and that the per centage of the "illiterate" fell from 24·3 in 1891 to 20·5 in 1901.

In 1891 16·4 per cent. of the inhabitants aged five years and upwards were illiterate (16·9 per cent. of the males and 15·8 of the females); in 1901 the per-centage was but 12·4 (13·1 of the males, and 11·7 of the females).

Religious Professions and Education (Table xxxiii.)

Taking Religious Professions and Education in combination, it appears that in 1901, excluding children under five years of age, 13·5 per cent. of Roman Catholics, 3·5 per cent. of Protestant Episcopalians, 1·9 per cent. of Presbyterians, 1·3 per cent. of Methodists, and 1·7 per cent of "all other Denominations" were illiterate.

School Attendance. (Table xxxviii.)

The number of children attending school in the King's County, according to the Census of 1891 (week ending 30th May), was 9,416, or 43·1 per cent, of persons aged 5 years and under 20 in the County as then constituted; in 1901 the number returned (for week ending 11th May), was 9,035, or 48·8 per cent. of the persons aged 5 and under 20.

The Sick (Table xii.)

In 1891 the number of persons in the King's County (as then constituted) returned as Sick, on the night of the Census, was 485, or one in every 135 of the population; in 1901 the number so returned was 411, or one in every 146 of the population; of the latter number 181 were at their own homes, and 230 were in hospital.

Pauperism. (Table xii.)

The number of persons returned in 1891 as receiving relief under the Poor Law System was 1,502, or 1 in every 44 of the population; of the number 650 were inmates of Workhouses, and 852 were in receipt of outdoor relief; in 1901 the number returned was 1,568, or 1 in every 38 of the population, 738 of these being in the Workhouses, and 830 on outdoor relief.

Marriages, Births, and Deaths (Table xiv.)

For the purposes of Registration of Births, Deaths, and Marriages, the Poor Law Union forms a "Superintendent Registrar's District." Each Union or Superintendent Registrar's District is divided into Dispensary Districts for the Medical Relief of the Poor under the Medical Charities Act; which Districts, save in a few instances, are identical with the Registrars' Districts. Each Dispensary District is composed of a certain number of District Electoral Divisions.

According to the Returns of the Registrar-General, the number of marriages registered in the King's County during the ten years ending 31st March, 1901, was 2,576, equal to an average annual rate of 4·1 per 1,000 of the population. The number registered in the whole of Ireland during the same period affords an average annual rate of 4·8 per 1,000.

The number of Births registered in the County during the ten years was 12,876, affording an average annual rate of 20·5 per 1,000 of the population, the average yearly rate for the whole of Ireland during the same period being 23·0 per 1,000.

The Deaths registered during the decennium amounted to 10,595, being equal to an average annual rate of 16·9 per 1,000; the corresponding rate for the whole of Ireland was 18·2 per 1,000.

Emigration (Table xli.)

The number of Emigrants during the ten years ending 31st March, 1901, who stated that they were from the King's County, amounted to 3,708 (1,878 males and 1,830 females); the number for the decade ending 31st March, 1891, was 12,367; for that ending 31st March, 1881, 8,778; for that ending with March, 1871, 12,140; and for that ending with March, 1861, 21,061, making a total of 58,054 for the fifty years.

(a) The Civic Areas comprise all Municipal Boroughs, Urban Districts, and Towns of 2,000 inhabitants and upwards

NOTE—The plan of classification in the foregoing Table is the same as that adopted in former Censuses, and may be thus described.—

The value or condition of a house as to its quality, may be considered to depend mainly on—

1st, Its extent, as shown by the number of rooms; 2nd, its quality, as shown by the number of its windows, and 3rd, its solidity or durability, as shown by the material of its walls and roof. If numbers be adopted to express the position of every house in a scale of each of these elements, and if the numbers thus obtained for every house be added together, a new series of numbers will be produced, giving the position of each house in a scale compounded of all the elements, *i.e.*, their actual status.

Four classes have been adopted, and the result is, that in the lowest of the four classes are comprised houses principally built of mud or other perishable material, having only one room and window; in the third a better description of house, varying from one to four rooms and windows, in the second what might be considered a good farm house, having from five to nine rooms and windows; and in the first class of all houses of a better description than the preceding.

The accommodation which the houses afford has also been arranged under four classes, viz.:—

First Class accommodation consisting of 1st class houses occupied by one family.

Second Class accommodation consisting of 2nd class houses, occupied by one family, or of 1st class houses, occupied by two or three families.

Third Class accommodation comprising 3rd class houses, with one family each, or 2nd class houses, with two or three families, or 1st class houses occupied by four or five families.

Fourth Class accommodation includes all 4th class houses, 3rd class houses with more than one family, 2nd class houses with four or more families and 1st class houses inhabited by six or more families.

"The designation "Primary" has been applied in Irish Census Publications, since 1841, to schools where the instruction is exclusively English; while those schools in which a foreign language is taught have been classed as "Superior" upon the assumed likelihood that the presence of a foreign language in the school course argues a higher standard of instruction than is to be found where such an element is wanting.

NOTE.

It has been considered desirable (as in 1881 and 1891) that those of the public who might not require, or be disposed to purchase the Census Abstracts and Reports in their completeness should have access at a small cost to the statistics of the Territorial Division in which they may have a more immediate interest; and as in Ireland, the County appears to be the most convenient and familiar area for which the principal particulars should be afforded in abstract, the Census Commissioners, with the approval of His Excellency the Lord Lieutenant, present the following Tables for the County of Longford; and purpose giving similar Tables from time to time for each County, at such intervals as the progress of the work will permit, beginning with the Province of Leinster, to be followed by those of Munster, Ulster, and Connaught.

Birthplace of the Inhabitants (Table xxv.)

Of the persons enumerated in the County in 1901, 90·07 per cent. were born therein, 3·17 per cent. in other Counties of the Province of Leinster; ·54 per cent. in Munster; 2·15 per cent. in Ulster, 2·86 per cent. in Connaught; ·80 per cent. in Great Britain; ·41 per cent. were born abroad.

Towns having, in 1901, a population of 2,000 and upwards are classified in the Tables as Civic Areas.

Civic Areas (Table v.)

The County contains one such Area, viz., Longford. In 1891 the population of that Area amounted to 3,827; in 1901 it was 3,747, showing a decrease of 80 persons, or 2·1 per cent., in the rural portion of the County the decrease was 12·1 per cent.

Religious Professions, (Table xxix.)

The following Statement shows, according to Religious Professions, the Inhabitants of the County of Longford in 1901:—

Religious Professions	1901.	
	Number of Persons.	Per centage of Total Population.
Roman Catholics,	42,742	91·6
Protestant Episcopalians,	3,403	7·3
Presbyterians,	256	0·6
Methodists,	202	0·4
All other Denominations (and Religion unascertained),	68	0.1
Information refused,	—	—

From the above Table it will be seen that of the total population of the County in 1901, 91·6 per cent. were Roman Catholics, 7·3 per cent. Protestant Episcopalians, 0·6 per cent. Presbyterians, 0·4 per cent. Methodists, and 0·1 per cent. members of other Religious Denominations. In 1891 Roman Catholics formed 91·3 per cent.; Protestant Episcopalians, 7·7 per cent.; Presbyterians, 0·5 per cent; Methodists, 0·4 per cent., and members of all other Denominations, 0·1 per cent. of the population of the County,

Education (Tables xxx and xxxiii.)

The following Statement shows the Educational status of the Inhabitants of the County of Longford in 1891 and 1901, in so far as relates to the degrees of elementary education relative to which inquiry was made on the Census forms, the numbers on which the per centages are based being those for the County as constituted in the respective years.—

Degrees of Elementary Education.	Rate per cent. of Total Population.	
	1891.	1901.
Read and Write,	62·5	70·7
Read only,	12·9	8·2
Illiterate,	24·6	21·1
Total,	100·	100

From the above it will be seen that whereas, according to the Returns of 1891, only 62·5 per cent. of the Inhabitants, at all ages, could "read and write" in 1901, 70·7 per cent. could do so; that the per centage of the population who could "read only" in 1891 was 12·9, and in 1901, 8·2; and that the per centage of the "illiterate" fell from 24·6 in 1891 to 21·1 in 1901.

In 1891 16·9 per cent. of the inhabitants aged five years and upwards were illiterate (16·9 per cent. of the males and 16·8 of the females); in 1901 the per-centage was but 13·5 (13·9 of the males, and 13·0 of the females).

Religious Professions and Education (Table xxxiii.)

Taking Religious Professions and Education in combination, it appears that in 1901, excluding children under five years of age, 14·4 per cent. of Roman Catholics, 4·0 per cent. of Protestant Episcopalians, 4·2 per cent. of Presbyterians, 0·5 per cent. of Methodists, and 3·2 per cent. of "all other Denominations" were illiterate.

School Attendance (Table xxxviii.)

The number of children attending school in the County of Longford, according to the Census of 1891 (week ending 30th May), was 7,689, or 41·6 per cent. of persons aged 5 years and under 20 in the County, in 1901 the number returned (for week ending 11th May) was 6,522, or 45·3 per cent. of the persons aged 5 and under 20.

The Sick. (Table xii.)

In 1891 the number of persons in the County of Longford returned as Sick, on the night of the Census, was 378, or one in every 139 of the population; in 1901 the number so returned was 313, or one in every 149 of the population; of the latter number 150 were at their own homes, and 163 were in hospital.

Pauperism. (Table xii.)

The number of persons returned in 1891 as receiving relief under the Poor Law System was 1,434, or 1 in every 37 of the population; of these number 532 were inmates of Workhouses, and 902 were in receipt of outdoor relief; in 1901 the number returned was 1,256, or 1 in every 38 of the population, 501 of these being in the Workhouses, and 755 on outdoor relief.

Marriages, Births, and Deaths. (Table xiv.)

For the purposes of Registration of Births, Deaths, and Marriages, the Poor Law Union forms a "Superintendent Registrar's District." Each Union or Superintendent Registrar's District is divided into Dispensary Districts for the Medical Relief of the Poor under the Medical Charities Act; which Districts, save in a few instances, are identical with the Registrars' Districts. Each Dispensary District is composed of a certain number of District Electoral Divisions.

According to the Returns of the Registrar-General, the number of marriages registered in the County of Longford during the ten years ending 31st March, 1901, was 1,984, equal to an average annual rate of 4·0 per 1,000 of the population. The number registered in the whole of Ireland during the same period, affords an average annual rate of 4·6 per 1,000.

The number of Births registered in the County during the ten years was 9,696, affording an average annual rate of 19·5 per 1,000 of the population, the average yearly rate for the whole of Ireland during the same period being 23·0 per 1,000.

The Deaths registered during the decennium amounted to 8,114, being equal to an average annual rate of 16·3 per 1,000; the corresponding rate for the whole of Ireland was 18·2 per 1,000.

NOTE.—The plan of classification in the foregoing Table is the same as that adopted in former Censuses, and may be thus described—

The value or condition of a house, as to its quality, may be considered to depend mainly on—

1st. Its extent, as shown by the number of rooms, 2nd. its quality, as shown by the number of its windows, and 3rd, its solidity or durability, as shown by the material of its walls and roof. If numbers be adopted to express the position of every house in a scale of each of these elements, and if the numbers thus obtained for every house be added together, a new series of numbers will be produced, giving the position of each house in a scale compounded of all the elements, viz., their actual state.

Four classes have been adopted, and the result is that in the lowest of the four classes are comprised houses principally built of mud or other perishable material, having only one room and window; in the third a better description of house, varying from one to four rooms and windows, in the second, what might be considered a good farm house, having from five to nine rooms and windows, and in the first class of all houses of a better description than the preceding.

The accommodation which the houses afford has also been arranged under four classes, viz.—

First Class accommodation, consisting of 1st class houses, occupied by one family.
Second Class accommodation, consisting of 2nd class houses, occupied by one family, or of 1st class houses occupied by two or three families.
Third Class accommodation, comprising 3rd class houses, with one family each, or second class houses, with two or three families, or 1st class houses occupied by four or five families.

Fourth Class accommodation includes all 4th class houses, 3rd class houses with more than one family, 2nd class houses with four or more families, and 1st class houses inhabited by six or more families.

*The designation "Primary" has been applied in Irish Census publications, since 1841, to schools where the instruction is exclusively English, while those schools in which a foreign language is taught has been classed as "Superior" upon the assumed likelihood that the presence of a foreign language in the school course argues a higher standard of general instruction than is to be found where such an element is wanting.

NOTE.

It has been considered desirable (as in 1871, 1881, and 1891) that those of the public who might not require, or be disposed to purchase the Census Abstracts and Reports in their completeness should have access at a small cost to the statistics of the Territorial Division in which they may have a more immediate interest; and as, in Ireland, the County appears to be the most convenient and familiar area for which the principal particulars should be afforded in abstract, the Census Commissioners, with the approval of His Excellency the Lord Lieutenant, present the following Tables for the County of Louth; and purpose giving similar Tables from time to time, for each County, at such intervals as the progress of the work will permit, beginning with the Province of Leinster, to be followed by those of Munster, Ulster, and Connaught.

	1891.	1901.	Increase.	Decrease.	
Drogheda Urban	13,708	12,760	—	948	6·9
Dundalk Urban	12,449	13,076	627	—	5 0
Ardee No. 1 Rural	13,143	11,578	—	1,565	11·9
Drogheda No. 1 Rural	8,065	6,753	—	1,312	16·3
Dundalk Rural	24,549	21,653	—	2,896	11·8
	71,914	65,820	—	8,094	8 5

From the foregoing Statement it will be observed that there was an increase of 5·0 per cent. in Dundalk Urban District and a decrease in Drogheda Urban District, and each of the Rural Districts, the highest per-centage of decrease being in Drogheda No. 1 Rural District, viz., 16·3.

Birthplace of the Inhabitants (Table XXV.)

Of the persons enumerated in the County in 1901, 80·70 per cent. were born therein; 8·46 per cent. in other Counties of the Province of Leinster; ·84 per cent. in Munster; 6·41 per cent. in Ulster; ·55 per cent. in Connaught; 2·50 per cent. in Great Britain; and ·54 per cent. were born abroad.

Civic Areas. (Table V.)

Towns having, in 1901, a population of 2,000 and upwards are classified in the Tables as Civic Areas.

The County contains two such Areas, viz., Drogheda and Dundalk. In 1891 the population of those Areas amounted to 26,157; in 1901 it was 25,886, showing a decrease of 321 persons, or 1·2 per cent.; in the Rural portions of the County the decrease was 5,773, or 12·6 per cent.

Religious Professions. (Table XXIX.)

The following Statement shows, according to Religious Professions, the Inhabitants of the County of Louth in 1901:—

Religious Professions	1901.	
	Number of Persons	Per centage of Total Population
Roman Catholics	60,171	91·5
Protestant Episcopalians	4,218	6 4
Presbyterians	980	1·5
Methodists	296	0·4
All other Denominations (and Religion unascertained)	144	0·2
Information Refused	11	0·0
Total	65,820	100·0

From the above Table it will be seen that of the total population of the County in 1901, 91·5 per cent. were Roman Catholics; 6·4 per cent. Protestant Episcopalians; 1·5 per cent. Presbyterians; 0·4 per cent. Methodists; and 0·2 per cent. members of other Religious Denominations. In 1891 Roman Catholics formed 91·3 per cent.; Protestant Episcopalians, 6·8 per cent.; Presbyterians, 1·3 per cent.; Methodists, 0·4 per cent.; and Members of all other Denominations, 0 2 per cent. of the population of the County.

Education (Tables xxx and xxxiii.)

The following Statement shows the Educational status of the Inhabitants of the County of Louth in 1891 and 1901, in so far as relates to the degrees of elementary education relative to which inquiry was made on the Census Forms:—

Degrees of Elementary Education	Rate per cent. of Total Population	
	1891.	1901.
Read and Write,	59·8	68·8
Read only,	11·2	7·5
Illiterate,	29·0	23·7
Total,	100	100.

From the above it will be seen that whereas, according to the Returns of 1891, only 59·8 per cent. of the Inhabitants, of all ages, could "read and write," in 1901 68·8 per cent. could do so; that the percentage of the population who could "read only" in 1891 was 11·2, and in 1901 7·5; and that the percentage of the "illiterate" fell from 29·0 in 1891 to 23·7 in 1901.

In 1891 21·3 per cent. of the inhabitants aged five years and upwards were illiterate (20·6 per cent. of the males, and 21·9 of the females), in 1901 the per-centage was but 15·8 (15·6 of the males, and 15·9 of the females).

Religious Professions and Education (Table xxxiv.)

Taking Religious Professions and education in combination, it appears that in 1901, excluding children under five years of age, 16·9 per cent. of Roman Catholics, 4·0 per cent. of Protestant Episcopalians, 2·4 per cent. of Presbyterians, 1·8 per cent. of Methodists, and 4·4 per cent. of "all other Denominations" were illiterate.

School Attendance (Table xxxvii.)

The number of children attending school in the County of Louth, according to the Census of 1891 (week ending 30th May), was 11,695, or 48 per cent. of persons aged 5 years and under 20 in the county; in 1901 the number returned (for week ending 11th May), was 10,424, or 51·6 per cent. of the persons aged 5 and under 20.

The Sick (Table xii.)

In 1901 the number of persons in the County of Louth returned as Sick, on the night of the Census, was 400, or one in every 165 of the population; of this number 208 were at their own homes, and 192 were in hospital.

Pauperism (Table xii.)

The number of persons returned in 1901 as receiving relief under the Poor Law System was 2,218, or one in every 30 of the population, of this number 738 were inmates of Workhouses, and 1,480 were in receipt of outdoor relief.

Marriages Births, and Deaths (Table xiv.)

For the purposes of Registration of Births, Deaths, and Marriages, the Poor Law Union Forms a "Superintendent Registrar's District." Each Union or Superintendent Registrar's District is divided into Dispensary Districts for the Medical Relief of the Poor under the Medical Charities Act; which Districts, save in a few instances, are identical with the Registrar's Districts. Each Dispensary District is composed of a certain number of District Electoral Divisions.

According to the Returns of the Registrar-General, the number of marriages registered in the County of Louth during the ten years ending 31st March, 1901, was 2,738, equal to an average annual rate of 4·0 per 1,000 of the population. The number registered in the whole of Ireland during the same period affords an average annual rate of 4·8 per 1,000.

The number of Births registered in the County during the ten years was 14,603, affording an average annual rate of 21·2 per 1,000 of the population, the average yearly rate for the whole of Ireland during the same period being 23·0 per 1,000.

The Deaths registered during the decennium amounted to 12,411, being equal to an average annual rate of 18·0 per 1,000; the corresponding rate for the whole of Ireland was 18·2 per 1,000.

Emigration (Table xii.)

The number of Emigrants during the ten years ending 31st March, 1901, who stated that they were from the County of Louth, amounted to 2,803 (1,444 males and 1,359 females); the number for the decade ending 31st March, 1891, was 6,954; for that ending 31st March, 1881, 5,699; for that ending 31st March, 1871, 10,171; and for that ending with March, 1861, 17,091, making a total of 42,718 for the fifty years.

(a) The decrease is attributed to emigration since 1891.
(b) The decrease is attributed to the closing of a corn mill.
(c) This townland was formerly called "Clarstrock."
(d) The enumerator reported that the returns for 1891 were correct, and that it is probable that there was a transfer of houses and population between the townlands of Annaloughan, Rockmarshall, and Slievenaglogh in 1891.

(a) The Civic Areas comprise all Municipal Boroughs Urban Districts, and Towns of 2,000 inhabitants and upwards.

NOTE.—The plan of classification in the foregoing Table is the same as that adopted in former Censuses, and may be thus described:—
The value or condition of a house, as to its quality, may be considered to depend mainly on—
1st. Its extent, as shown by the number of rooms 2nd, its quality, as shown by the number of its windows, and 3rd, its solidity or durability, as shown by the material of its walls and roof. If numbers be adopted to express the position of every house in a scale of each of these elements, and if the numbers thus obtained for every house be added together, a new series of numbers will be produced, giving the position of each house in a scale compounded of all the elements, i.e., their actual state.
Four classes have been adopted, and the result is, that in the lowest of the four classes are comprised houses principally built of mud or other perishable material having only one room and window; in the third a better description of house, varying from one to four rooms and windows, in the second, what might be considered a good farm house, having from five to nine rooms and windows, and in the first class of all houses of a better description than the preceding.
The accommodation which the houses afford has also been arranged under four classes, viz.:—
First Class accommodation consisting of 1st class houses occupied by one family.
Second Class accommodation consisting of 2nd class houses, occupied by one family, or of 1st class houses occupied by two or three families.
Third Class accommodation comprising 3rd class houses, with one family each, or second class houses, with two or three families, or 1st class houses occupied by four or five families.
Fourth Class accommodation includes all 4th class houses, 3rd class houses with more than one family, 2nd class houses with four or more families, and 1st Class houses inhabited by six or more families.

* The designation "Primary" has been applied in Irish Census Publications, since 1841, to schools where the instruction is exclusively English, while those schools in which a foreign language is taught have been classed as "Superior," upon the assumed likelihood that the presence of a foreign language in a school course argues a higher standard of general instruction than is to be found where such an element is wanting

NOTE.

It has been considered desirable (as in 1871, 1881, and 1891) that those of the public who might not require, or be disposed to purchase, the Census Abstracts and Reports in their completeness should have access at a small cost to the statistics of the Territorial Division in which they may have a more immediate interest; and as, in Ireland, the County appears to be the most convenient and familiar area for which the principal particulars should be afforded in abstract, the Census Commissioners, with the approval of His Excellency the Lord Lieutenant, present the following Tables for the County of Meath; and purpose giving similar Tables from time to time, for each County, at such intervals as the progress of the work will permit, beginning with the Province of Leinster, to be followed by those of Munster, Ulster, and Connaught.

CENSUS OF IRELAND, 1901.

COUNTY OF MEATH.

In addition to the information contained in the County Tables, it has been deemed advisable to adopt the course pursued in 1881 and 1891, and give the following Summary of the results obtained respecting the (Administrative) County of Meath from the Census Returns of 1901.

SUMMARY.

Area

The (Administrative) County of Meath covers an area of 579,320 statute acres, or 2·8 per cent. of the total area of the country.

Population (Table II.)

The number of persons in the County of Meath, according to the Census was—in 1891, 76,111; and according to the recent Census, 67,497 (34,757 Males and 32,740 Females), or 11·32 per cent. less than in 1891.

Families and Houses (Table VIII.)

The number of distinct Families in the County at the time of the late enumeration was 15,163, the average number of persons in a family being thus 4·4; and the number of Inhabited Houses was 14,954, showing an average of 4·4 persons to each house. In calculating these averages, the Special Inmates of Public Institutions have been omitted.

Occupiers of less than 5 rooms (Tables IX & X.)

The number of Occupiers (or Heads of Families) in occupation of less than five rooms in 1901 was 11,606, or 76·6 per cent of the total number of families in the County, and of these 4 were occupiers of part of a room only, 744 or 4·9 per cent. of the total number of Families in the County were occupiers of one room; 3,816 or 25·2 per cent occupiers of two rooms; 4,545 or 30·0 per cent occupiers of three rooms, and 2,497 or 16·5 per cent. occupiers of four rooms.

The number of Tenements of One Room in the County was 746, comprising 363 cases in which the room had only one occupant; 284 where the room had 2, 3, or 4 occupants; 80 cases in which there were 5, 6 or 7 occupants; and 19 cases where the occupants exceeded 7 in number, including 2 cases of 10 persons and 1 of 11 persons in the room.

Co Districts (Table VI.)

The following Statement shows, by County Districts (as constituted under the Local Government (Ireland) Act, 1898), the number of persons in 1891 and 1901; and the increase or decrease during the decade.—

County Districts	Population		Increase or Decrease between 1891 and 1901		
			Number		Rate per cent
	1891	1901	Increase	Decrease	
Kells Urban	2,427	2,428	1	.	0·0

Trim Rural	14,481	12,460	.	2,021	14·0
Total,	76,111	67,497	.	8,614	11·3

From the foregoing Statement it will be observed that there was an increase of one person in Kells Urban District and a decrease in Navan and Trim Urban Districts, and in each of the Rural Districts, the highest per-centage of decrease being in Ardee No. 2 Rural, and Edenderry No. 3 Rural, viz.—16·0 and 14·5 respectively.

Birthplaces of the Inhabitants (Table XXV.)

Of the persons enumerated in the County in 1901, 86·07 per cent. were born therein, 7·85 per cent. in other Counties of the Province of Leinster; ·63 per cent in Munster; 3·24 per cent. in Ulster; ·71 per cent in Connaught; 1·13 per cent. in Great Britain; ·37 per cent. were born abroad.

Civic Areas

Towns having, in 1901, a population of 2,000 and upwards are classified as Civic Areas.

The County contains two such Areas, viz., Kells and Navan. In 1891 the population of these areas amounted to 6,390; in 1901 it was 6,267, showing a decrease of 123 persons, or 1·9 per cent; in the rural portions of the County the decrease was 12·2 per cent.

The following Statement shows, according to Religious Professions, the Inhabitants of the County of Meath in 1901.—

Religious Professions (Table XXIX.)

Religious Professions	1901	
	Number of Persons	Per-centage of Total Population
Roman Catholics,	62,643	92·8
Protestant Episcopalians,	4,394	6·5
Presbyterians,	330	0·5
Methodists,	66	0·1
All other Denominations (and Religion unascertained),	59	0·1
Information refused.	5	0 0
Total,	67,497	100 0

From the above Table it will be seen that of the total population of the County in 1901, 92·8 per cent. were Roman Catholics, 6·5 per cent. Protestant Episcopalians, 0·5 per cent. Presbyterians, 0·1 per cent. Methodists, and 0·1 per cent. members of other Religious Denominations. In 1891 Roman Catholics formed 93·1 per cent.; Protestant Episcopalians, 6·3 per cent.; Presbyterians, 0·5 per cent.; and Methodists, 0·1 per cent of the population of the County as then constituted.

COUNTY OF MEATH.

Education. (Tables xxx and xxxiii.)

The following Statement shows the Educational status of the Inhabitants of the County of Meath in 1891 and 1901, in so far as relates to the degrees of elementary education relative to which inquiry was made on the Census Forms, the numbers on which the per-centages are based being those for the County as constituted in the respective years:—

Degrees of Elementary Education	Rate per cent of Total Population	
	1891	1901
Read and Write,	66·8	74·0
Read only,	9·3	5·9
Illiterate,	23·9	20·1
Total	100·	100·

From the above it will be seen that whereas, according to the Returns of 1891, only 66·8 per cent. of the Inhabitants, at all ages, could "read and write," in 1901, 74·0 per cent. could do so; that the per-centage of the population who could "read only" in 1891 was 9·3, and in 1901, 5·9; and that the per-centage of the "illiterate" fell from 23·9 in 1891 to 20·1 in 1901.

In 1891 16·3 per cent. of the inhabitants aged five years and upwards were illiterate (16·4 per cent. of the males and 16·2 of the females); in 1901 the per-centage was but 12·5 (13·1 of the males, and 11·7 of the females).

Religious Professions and Education (Table xxxiii.)

Taking Religious Professions and Education in combination, it appears that in 1901, excluding children under five years of age, 13·2 per cent. of Roman Catholics, 3·4 per cent. of Protestant Episcopalians, 2·4 per cent. of Presbyterians, 3·3 per cent. of Methodists, and 3·2 per cent. of "all other Denominations" were Illiterate.

School Attendance (Table xxxviii.)

The number of children attending school in the County of Meath, according to the Census of 1891 (week ending 30th May), was 11,725; or 46·7 per cent. of persons aged 5 years and under 20 in the County as then constituted; in 1901 the number returned (for week ending 11th May), was 9,806, or 50·4 per cent. of the persons aged 5 and under 20.

The Sick. (Table xii.)

In 1901 the number of persons in the County of Meath returned as Sick, on the night of the Census, was 584, or one in every 116 of the population; of this number 273 were at their own homes, and 311 were in hospital.

Pauperism (Table xii.)

(a) The increase was attributed to the erection of houses for labourers by the Board of Guardians.
(b) The remainder of this townland is included in Kells Urban District in Kells Urban D E D.
(c) The increase is attributed to some houses being built, also to a portion of this townland having been included in Barfordstown townland in 1891.
(d) The increase was attributed to the erection of labourers' cottages since 1881
(e) Including the inmates of Kells Union Workhouse, the decrease in 1891 in population of townland, irrespective of workhouse, was attributed to removals to other townlands where labourers' cottages were built

(a) The Civic Areas comprise all Municipal Boroughs, Urban Districts and Towns of 2,000 inhabitants and upwards.

NOTE.—The plan of classification in the foregoing Table is the same as that adopted in former Censuses, and may be thus described:—

The value or condition of a house as to its quality, may be considered to depend mainly on—

1st Its extent, as shown by the number of rooms, 2nd, its quality, as shown by the number of its windows, and 3rd, its solidity or durability, as shown by the material of its walls and roof. If numbers be adopted to express the position of every house in a scale of each of these elements, and if the numbers thus obtained for every house be added together, a new series of numbers will be produced, giving the position of each house in a scale compounded of all the elements, *i.e.*, their actual state.

Four classes have been adopted, and the result is, that in the lowest of the four classes are comprised houses principally built of mud or other perishable material, having only one room and window, in the third a better description of house, varying from one to four rooms and windows; in the second, what might be considered a good farm house, having from five to nine rooms and windows, and in the first class of all houses of a better description than the preceding.

The accommodation which the houses afford has also been arranged under four classes, viz.:—

First Class accommodation consisting of 1st class houses, occupied by one family.

Second Class accommodation consisting of 2nd class houses, occupied by one family, or of 1st class houses, occupied by two or three families.

Third Class accommodation comprising 3rd class houses, with one family each, or second class houses, with two or three families, or 1st class houses occupied by four or five families.

Fourth Class accommodation includes all 4th class houses, 3rd class houses with more than one family, 2nd class houses with four or more families, and 1st class houses inhabited by six or more families.

* The designation "Primary" has been applied in Irish Census Publications since 1841 to schools where the instruction is exclusively English, while those schools in which a foreign language is taught have been classed as "Superior" upon the assumed likelihood that the presence of a foreign language in the school course argues a higher standard of general instruction than is to be found where such an element is wanting.

NOTE.

It has been considered desirable (as in 1881 and 1891) that those of the public who might not require, or be disposed to purchase, the Census Abstracts and Reports in their completeness should have access at a small cost to the statistics of the Territorial Division in which they may have a more immediate interest; and as, in Ireland, the County appears to be the most convenient and familiar area for which the principal particulars should be afforded in abstract, the Census Commissioners, with the approval of His Excellency the Lord Lieutenant, present the following Tables for the Queen's County; and purpose giving similar Tables from time to time, for each County, at such intervals as the progress of the work will permit, beginning with the Province of Leinster, to be followed by those of Munster, Ulster, and Connaught.

CENSUS OF IRELAND, 1901.

QUEEN'S COUNTY.

In addition to the information contained in the County Tables, it has been deemed advisable to adopt the course pursued in 1881 and 1891, and give the following Summary of the results obtained respecting the (Administrative) Queen's County from the Census Returns of 1901.

SUMMARY.

Area

The (Administrative) Queen's County covers an area of 424,723 statute acres, or 2·0 per cent. of the total area of the country.

Population (Table II.)

The number of persons in the Queen's County according to the Census was—in 1881, 71,837; in 1891, 63,855; and according to the recent Census, 57,417 (29,694 Males and 27,723 Females), or 10·1 per cent. less than in 1891.

Families and Houses (Table VIII.)

The number of distinct Families in the County at the time of the late enumeration was 12,277, the average number of persons in a family being thus 4·6; and the number of Inhabited Houses was 12,114, showing an average of 4·7 persons to each house. In calculating these averages the Special Inmates of Public Institutions have been omitted.

Occupiers of less than 5 rooms (Tables IX. X.)

The number of Occupiers (or Heads of Families) in occupation of less than five rooms in 1901 was 9,540, or 77·7 per cent. of the total number of families in the County, and of these 14* were occupiers of part of a room only; 686, or 5·6 per cent. of the total number of Families in the County were occupiers of one room; 3,064, or 25·0 per cent., occupiers of two rooms; 4,014, or 32·7 per cent, occupiers of three rooms; and 1,762, or 14·4 per cent, occupiers of four rooms.

The number of Tenements of One Room in the County was 690, comprising 272 cases in which the room had only one occupant; 300 where the room had 2, 3, or 4 occupants; 89 cases in which there were 5, 6 or 7 occupants; and 29 cases where the occupants exceeded 7 in number, including 9 cases of 9 persons, 3 of 10 persons, 4 of 11 or more persons in the room.

Co Districts (Table VI.)

The following Statement shows, by County Districts (as constituted under the Local Government (Ireland) Act, 1898), the number of persons in 1891 and 1901; and the decrease during the decade:—

County Districts	Population		Decrease between 1891 and 1901.	
	1891.	1901.	Number.	Rate per cent.
Abbeyleix Rural	19,080	17,050	2,030	10·6
Athy No 2 Rural	6,720	5,963	757	11 3
Carlow No. 2 Rural (*a*)	5,320	4,712	608	11·4
Mountmellick No. 1 Rural (*b*)	28,391	25,780	2,611	9·2
Roscrea No. 3 Rural	4,344	3,912	432	9·9
Total,	63,855	57,417	6,438	10 1

(*a*) Now Slievemargy (*b*) Now Mountmellick.

From the foregoing Statement it will be observed that the highest per-centage of decrease in the County Districts took place in Carlow No. 2 Rural and Athy No. 2 Rural, viz., 11·4 and 11·3 respectively; and the lowest in Mountmellick No. 1 Rural, viz., 9·2.

Birthplace of the Inhabitants (Table XXV.)

Of the persons enumerated in the County in 1901, 86·08 per cent. were born therein; 8 71 per cent. in other Counties of the Province of Leinster; 2·61 per cent. in Munster, ·79 per cent. in Ulster; ·55 per cent. in Connaught, ·99 per cent. in Great Britain; ·27 per cent. were born abroad; and 2 persons were born at sea.

Civic Areas.

Towns having, in 1901, a population of 2,000 and upwards are classified as Civic Areas.

The County contains two such Areas, viz., Maryborough and Mountmellick. In 1891 the population of these Areas amounted to 5,432; in 1901 it was 5,364, showing a decrease of 68 persons, or 1·3 per cent.; in the Rural portions of the County the decrease was 10·9 per cent.

The following Statement shows, according to Religious Professions, the Inhabitants of the Queen's County in 1901:—

Religious Professions (Table XXIX.)

Religious Professions	1901.	
	Number of Persons	Per-centage of Total Population
Roman Catholics	50,599	88·1
Protestant Episcopalians	5,950	10 4
Presbyterians	295	0 5
Methodists	419	0·7
All other Denominations (and Religion unascertained)	144	0·3
Information Refused	10	0·0
Total	57,417	100·0

From the above Table it will be seen that of the total population of the County in 1901, 88·1 per cent. were Roman Catholics; 10·4 per cent. Protestant Episcopalians; 0·5 per cent Presbyterians; 0·7 per cent. Methodists; and 0·3 per cent. members of other Religious Denominations. In 1891 Roman Catholics formed 87·7 per cent.; Protestant Episcopalians, 10·7 per cent.; Presbyterians, 0·5 per cent.; Methodists, 0·8 per cent.; and Members of all other Denominations, 0·3 per cent. of the population of the County as then constituted.

Education (Tables xxx and xxxiii.)

The following Statement shows the Educational status of the Inhabitants of the Queen's County in 1891 and 1901, in so far as relates to the degrees of elementary education relative to which inquiry was made on the Census Forms, the numbers on which the per-centages are based being those for the County as constituted in the respective years.—

Degrees of Elementary Education	Rate per cent of Total Population	
	1891	1901
Read and Write,	68·2	76·7
Read only,	10·2	6·0
Illiterate,	21·6	17·3
Total,	100	100·

From the above it will be seen that whereas, according to the Returns of 1891, only 68·2 per cent. of the Inhabitants, at all ages, could "read and write," in 1901 76·7 per cent. could do so, that the per-centage of the population who could "read only" in 1891 was 10·2, and in 1901 6·0, and that the per-centage of the "illiterate" fell from 21·6 in 1891 to 17·3 in 1901.

In 1891 14·0 per cent. of the inhabitants aged five years and upwards were illiterate (15·1 per cent. of the males, and 13·0 of the females), in 1901 the per centage was but 9·4 (10·4 of the males, and 8·3 of the females).

Religious Professions and Education (Table xxxiii.)

Taking Religious Professions and Education in combination, it appears that in 1901, excluding children under five years of age, 10·2 per cent. of Roman Catholics, 3·4 per cent. of Protestant Episcopalians, 2·2 per cent. of Presbyterians, 1·5 per cent. of Methodists, and 0·7 per cent. of "all other Denominations" were Illiterate.

School Attendance (Table xxxviii.)

The number of children attending school in the Queen's County, according to the Census of 1891 (week ending 30th May), was 9,171, or 43·0 per cent of persons aged 5 years and under 20 in the County as then constituted, in 1901 the number returned (for week ending 11th May), was 7,867, or 47·8 per cent. of the persons aged 5 and under 20.

The Sick (Table xii.)

In 1901 the number of persons in the Queen's County (as then constituted) returned as Sick, on the night of the Census, was 385, or one in every 169 of the population; in 1901 the number so returned was 405, or one in every 142 of the population; of the latter number 240 were at their own homes, and 165 were in hospital.

Pauperism (Table xii.)

The number of persons returned in 1891 as receiving relief under the Poor Law System was 1,778, or one in every 36 of the population, of this number 451 were inmates of Workhouses, and 1,327 were in receipt of outdoor relief; in 1901 the number returned was 1,265, or one in every 45 of the population; 359 of these being in the Workhouse, and 906 on outdoor relief.

Marriages, Births, and Deaths (Table xiv.)

For the purposes of Registration of Births, Deaths, and Marriages, the Poor Law Union forms a "Superintendent Registrar's District." Each Union or Superintendent Registrar's District is divided into Dispensary Districts for the Medical Relief of the Poor under the Medical Charities Act; which Districts, save in a few instances, are identical with the Registrar's Districts. Each Dispensary District is composed of a certain number of District Electoral Divisions.

According to the Returns of the Registrar-General, the number of marriages registered in the Queen's County during the ten years ending 31st March, 1901, was 2,230, equal to an average annual rate of 3·7 per 1,000 of the population. The number registered in the whole of Ireland during the same period affords an average annual rate of 4·8 per 1,000.

The number of Births registered in the County during the ten years was 11,901, affording on average annual rate of 19·6 per 1,000 of the population, the average yearly rate for the whole of Ireland during the same period being 23·0 per 1,000.

The Deaths registered during the decennium amounted to 10,486, being equal to an average annual rate of 17·3 per 1,000; the corresponding rate for the whole of Ireland was 18·2 per 1,000.

Emigration (Table xii.)

The number of Emigrants during the ten years ending 31st March, 1901, who stated that they were from the Queen's County, amounted to 4,434 (2,142 males and 2,292 females), the number for the decade ending 31st March, 1891, was 13,634; for that ending 31st March, 1881, 9,090, for that ending with March, 1871, 9,620, and for that ending with March, 1861, 19,886, making a total of 56,664 for the fifty years.

(*a*) The decrease was attributed to deaths and removals from townland since 1881.
(*b*) The decrease was attributed to the principal residence in townland being uninhabited, also to emigration and removal of labourers from townland since 1881.
(*c*) The increase is attributed to houses having been built.

(a) The Civic Areas comprise all Municipal Boroughs, Urban Districts, and Towns of 2,000 inhabitants and upwards.

NOTE.—The plan of classification in the foregoing Table is the same as that adopted in former Censuses, and may be thus described:—

The value or condition of a house, as to its quality, may be considered to depend mainly on—

1st Its extent, as shewn by the number of rooms; 2nd, its quality, as shown by the number of its windows, and 3rd, its solidity or durability, as shown by the material of its walls and roof. If numbers be adopted to express the position of every house in a scale of each of these elements, and if the numbers thus obtained for every house be added together, a new series of numbers will be produced, giving the position of each house in a scale compounded of all the elements, *e.g.*, their actual state.

Four classes have been adopted, and the result is, that in the lowest of the four classes are comprised houses principally built of mud or other perishable material, having only one room and window in the third a better description of house, varying from one to four rooms and windows; in the second, what might be considered a good farm house, having from five to nine rooms and windows; and in the first class of all houses of a better description than the preceding.

The accommodation which the houses afford has also been arranged under four classes, viz:—

First Class accommodation consisting of 1st class houses, occupied by one family.

Second Class accommodation consisting of 2nd class houses occupied by one family, or of 1st class houses, occupied by two or three families.

Third Class accommodation comprising 3rd class houses, with one family each, or 2nd class houses, with two or three families, or 1st class houses occupied by four or five families.

Fourth Class accommodation includes all 4th class houses, 3rd class houses with more than one family, 2nd class houses with four or more families, and 1st class houses inhabited by six or more families.

* The designation "Primary" has been applied in Irish Census Publications, since 1841, to schools where the instruction is exclusively English, while those schools in which a foreign language is taught have been classed as "Superior," upon the assumed likelihood that the presence of a foreign language in the school course argues a higher standard of general instruction than is to be found where such an element is wanting.
